

Saving Shelter Pets in 2019

As the year comes to an end and we reflect on the accomplishments of 2019, we think back to the intense labor of love by our group of volunteers and supporters that put their time and efforts into helping save shelter pets. Some donated and helped sort and price Yard Sale items, or books, while some dressed up like the Easter Bunny and hid candy filled eggs the night before Easter, or baked dozens and dozens of dog treats for our Holiday fundraiser. Some did the dirty job of scrubbing crates after a transport and some shared a post on social media or gave up their morning latte to make a donation. Some collected and turned in bottles and cans or signed up to be monthly donors to make sure we could plan ahead for the next trip. Some drove early mornings and late nights to get the pets to their rescues and shelters with space where they would no longer be considered disposable, but **loved members of the family**.

No matter how big or small each of our efforts were over the past year, our combined mission was, and still remains clear, to save shelter pets. These photos represent some of the lucky animals that were able to catch a ride with Furry Freight in 2019, changing their lives forever. Thank you all for everything you do to save them.

Please consider making a donation to continue these life saving transports in 2020. Furry Freight is an all volunteer registered 501(c)(3) nonprofit.
